

PARTNER WITH MNA!

Were you with us in 2017 for the Waterfront and Orton Park Festivals? Our neighborhood festivals delivered on a long-held tradition of bringing people together over fabulous food, fun and MUSIC.

Year after year, they bookend the summer by treating us to some of the very best local bands and national touring acts. You know you'll discover a new favorite as you dance among friends and neighbors under Yahara Park's cottonwoods and Orton's old oaks.

And Waterfront and Orton bring much more to the neighborhood than music and togetherness. They are the very fuel behind all of MNA's many community initiatives. The success of the festival season allows MNA to provide grants for innovative teaching projects in our schools, support neighborhood improvement projects, fund a free drop-in summer camp, and provide scholarships to college-bound teens.

Consider partnering with MNA to deliver the festivals in 2018. These community-centric events draw audiences of 3-4,000, offering a terrific opportunity for sponsoring businesses to connect directly with the neighborhood.

Great for business. Great for the community.
